Overview

Product information

DLM-PG16P-21030000101

PG16 Metal Lock Nut

Product advantages

☑Fix cables to prevent internal wiring from being affected by pulling, swinging and other factors;
☑Waterproof and dustproof, support IP68 high protection level。

Product certification

Technical data

Product drawing

3D model

Marking

classification	Accessories
Accessries type	Lock nut

Material characteristics

RoHS	Comply with RoHS exemptions
Material (lock nut)	Nylon

Technical specification

Limiting temperatures	-40℃~+100℃
Wrench specifications	30
Thread specification	PG16
Thickness	5. 5 mm

Accessories

Business data

Order number	21030000101
Packing unit	100
Minimum order quantity	5
Products weight (without packaging)	2.1
